Experience more together with AOCMF Membership

Excellence in facial surgery across the specialties
The dynamic and universal spirit of the AOCMF community transcends borders and specialties, benefiting both patients and healthcare providers across the globe.
Welcome to the community

AOCMF is your companion at every stage of your medical career. Surgery and its practice are constantly evolving, regardless of your specialty.

As a member of AOCMF’s community of surgeons, you gain access to the world-class educational resources and expert support you need to keep pace in an ever-changing environment.

Position yourself to make the right decisions in the operating room: Join one of the world’s most influential organizations for maxillofacial surgeons and #beAOCMF.

Sabine Girod
Community Development Chair

“In AOCMF we are united in our goal to educate and improve. It is a place where I have developed many personal friendships and experienced some of the highlights of my career.”
AOCMF stands for excellence in facial trauma across the specialties.
What it means to #beAOCMF

- **Access a global network** of experts who share your passion in craniomaxillofacial (CMF) trauma treatment orthognathics and reconstruction.
- **Strengthen your knowledge** and build the skills you need to advance your career.
- **Advance patient care** by sharing your knowledge.
- **Be at the forefront of your field** with access to leading-edge research and the most innovative educational programs.
- **Be part of a network** that champions and inspires young surgeons to pursue fulfilling careers.
- **Get the support you need** with unique access to expert advice and mentoring.

3,400+ members worldwide

130+ courses per year

60+ fellowships

330+ faculty members
Learning doesn't end with the graduation from medical school.
Engage to learn

AOCMF offers a world of learning opportunities, offering more than 130 courses worldwide on the most relevant topics for professionals working in the field of craniomaxillofacial trauma orthognathics and reconstruction.

As an AOCMF member, you will have an array of educational materials, interactive tools, guides and research support at your fingertips – and each opportunity is especially designed to enhance your learning experience and sharpen your skills.

**Alf Nastri**

Director of OMF Surgery at the Royal Melbourne Hospital

“My training, experience, mentors among the AO fraternity, and involvement as an AO faculty member had all prepared me for the hardest days in the OR.”
A unique opportunity for you to get connected and take your training to the next level.
The renowned AOCMF Fellowship Program, carried out under the guidance of AO experts, is open to AOCMF members only.

A fellowship is a gateway to the global AOCMF network, offering a unique opportunity for you to get connected and take your training to the next level.

AOCMF sponsors more than 60 fellowships every year at top clinics and hospitals around the world.

**Muhammad Asim Naqash**
Fellow at the Tehran University of Medical Sciences, Shariati Hospital

“With the AOCMF Fellowship I found a home away from home and a chance to chase my dreams, push my boundaries and expose myself to new horizons and adventures.”
As a Member Plus you can publish your article for free in Craniomaxillofacial Trauma & Reconstruction Open.
Share your knowledge with colleagues, publish, and exchange ideas through our signature AOCMF journals.

**Craniomaxillofacial Trauma & Reconstruction**, the journal for specialists working in dentistry, facial plastic surgery, neurosurgery, ophthalmology, oral and maxillofacial surgery, otolaryngology, plastic and reconstructive surgery, and trauma surgery.

**Craniomaxillofacial Trauma & Reconstruction Open (CMTR Open)**, the open-access companion journal to **Craniomaxillofacial Trauma & Reconstruction**, specializes in publishing case reports and original articles covering all aspects of surgery of the head, face and jaw.

**Sarah Frommer**
Craniofacial & Pediatric Surgery Fellow at University of Texas

“We are a passionate group of surgeons who want to expand our field and share our knowledge.”
Expert advice to help you take your skills—and your career—to the next level
Get to know the right people

Our events, congresses and online resources are your direct connection to leading AOCMF faculty members.

AOCMF Member Directory: The ultimate who's who for any CMF surgeon! Search the database, and connect with your peers around the world.

AOCMF On Air live Discussions: Engage with our top faculty and take part in live online discussions.

Risto Kontio
Former Chair of AOCMF R&D Commission

“The AO is a safety network where you always can count on your colleagues, ask for advice and make great friendships.”
In AOCMF Community Development we are always on the lookout for thriving talents and enthusiastic specialists.
Your involvement in AOCMF starts with membership. You can apply to become a certified AOCMF faculty member, or get involved in one of our expert commissions or boards. A world of opportunities awaits you!

Through our **Faculty Development Programs**, experienced surgeons and clinical experts can develop their skills as teachers and educational experts.

Our **Leader Development Programs** offers the important skills you need to effectively lead teams and manage complex educational projects.

*Damir Matic*

*Former Chair of AOCMF North America*

*“Because AO had the foresight to teach its teachers, we now become better educators.”*
The AOCMF Membership Program offers you a world of opportunities.
